

# ALL I WANT FOR CHRISTMAS...

**A WIDE RANGE OF SPECIALTY POTATOES IN 1KG FLOWPACK WITH A FESTIVE TOUCH**

Holidays are coming. Therefore, Jac van den Oord Potatoes brings you a range of specialty potatoes. The packagings are decorated with a special festive label in three languages: Dutch, English, German.

## AMANDINE: THE PRINCESS AMONG POTATOES

On the French potato market, Amandine is a big name. A variety which is difficult to grow, but when done right, the potatoes have the most beautiful yellow skin. The potato is firm cooking and suitable for boiling, steaming, baking and oven preparation.

### APPLICATIONS:

## LA RATTE

For years La Ratte is one of the favourites of the team of Jac van den Oord Potatoes. The variety goes back to the year 1872 and it has a remarkable appearance: long, smooth skinned and yellow coloured. The potato is firm cooking and when boiled, the potato has a waxy structures and a delicate taste. The potato is firm cooking and suitable for boiling, steaming, baking and oven preparation.

### APPLICATIONS:

## FRANCELINE

FranceLine is a red skin, nice looking potato, with a waxy structure and good taste: it is an ideal potato for preparation in the oven, grill or for baking in a pan. Because of the nice skin, peeling is not necessary. FranceLine is comparable with varieties like Roseval and Chérie.

### APPLICATIONS:

**The mentioned varieties are packed in 1 KG Flowpack packaging**  
 Available trading unit: 12 x 1kg in cardboard tray  
 Minimum order quantity: 5 colli

### SWEET POTATO

Sweet Potato is a rising star: the product is increasingly popular and for these holidays, we offer 1KG of these orange, healthy potatoes. The structure of the flesh is comparable with regular potatoes. They can be boiled, steamed, baked and used in the oven.

#### APPLICATIONS:

### PURPLE POTATOES: VITELLOTTE

Purple soup or mashed potatoes, or maybe purple blocks of boiled potato in the salad. But also purple chips is possible to make with these potatoes. The skin is purple to black, the flesh is bright purple and the potato is firm cooking.

#### APPLICATIONS:

### JACKET POTATO

3 Jacket Potatoes: ready to be prepared in the oven or on the barbeque. Just wrap them up in aluminium foil and heat them up! These potatoes have an average weight of 250g a piece.

#### APPLICATIONS:

### BABY POTATOES

Small, nice potatoes, which can be prepared without cutting or peeling. You can bake or grill them, but they can also be boiled. The potatoes meet high quality standards.

#### APPLICATIONS:

**IF YOU REALLY WANT TO CELEBRATE <sup>CHRISTMAS</sup> GIVE THEM POTATOES.**
